

CHOOSE THE LIGHT

If the power of my spirit is being tested
let me show something great

Although alone
the power maybe small
together
we can express something great

Quiet but powerful
my spirit is always with me

Just to be true
but not only true

The dream that's in sight
will be soon to hand

Head for the light
Choose the light
Not the darkness

A communication

A self touched by something gentle

Spreading the warmth of the gratitude felt inside

Always keep an open heart

All things are in the self

Head for the light
Choose the light
Not the darkness

つまさき ゆびさき つないで みるの
あしおと ひびいて ひろがる せかい
とおくに とどくよ とうめいな ひかり

Can you draw the line
between
what you can do
and
what you can't do ?

Do you know when to stop ?

How much is too much ?

You're too close to the situation to know

No matter how hard you try
you will find some things impossible
and then, you will see why and find a way and one by one
things will become possible

Things you need
Things you don't need
Can you draw the line ?
Where does it come from, this stupid pride ?
Insecurity

But it's OK
Just to be yourself

Choose the light

There's a spider !
In my room !
What should I do ?

But they say you shouldn't kill them
They say they eat small bugs
But they jump all around !

The spider moved into the kitchen !!

I can't touch them, but can't ignore them
But I try to turn my back
I try to look away

It's already at the washing machine !
